The Power of Partnership

ORONO Foundation
FOR EDUCATION

Raising Funds for Today's Needs and Tomorrow's Dreams

Because of partners like these:

Dr. Karen Orcutt, Superintendent

"We are grateful for the support of the Orono Foundation in building the relationships and generating gifts that support our mission and goals. Because of the Foundation, Orono Schools are stronger and that benefits our children."

*Dedicated
Leaders*

*Invested
Teachers*

Diane Bacon, Orono Math Specialist

"I am so grateful for the opportunity of professional development made possible by the Orono Foundation. The training in teaching mathematics from a conceptual basis has changed my teaching practice! Students benefit from learning mathematics from concrete to visual representation to the abstract stage. The training taught me how to put more emphasis on visual representation which allows students to learn concepts more deeply, make connections, and retain their understanding."

*Supportive

The Case Family

Chris, Carrie, Lindsey (Elon University '19) & Jordan (OHS '19) Case

"Over the years, we've witnessed firsthand the Foundation's impact on meeting today's needs and tomorrow's dreams. From funding specific teaching positions to soundly preparing our soon-to-be graduates, the Foundation has been there to support the schools which have been so important to our family. We will be forever grateful and proud to be part of the Orono Schools community."

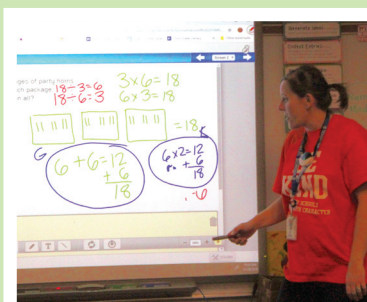

The Foundation can:

\$180,175

Teacher Development, Literacy & Math

The Foundation has continuously helped fund extra teachers, teaching specialists, and training. This year, the Foundation's grant helped to enhance teacher training in both math and literacy. Because of funding, 93 elementary students received additional reading support from teachers and of all students receiving reading intervention services, 84% made accelerated growth. In the area of math, teachers are reporting stronger student conceptual understanding and mastery of core content.

\$27,900

Character & Leadership

Since 2005, the Foundation has granted over \$225,000 to the district for character education enhancements, service learning development, and leadership opportunities. This year, our grant helped to fund the K-12 service learning program, including Elementary *Mission Possible*, the Middle School Service Learning Fair, Orono Unity Day, High School *Youth in Action* initiatives, and more.

Immediate District Needs

The Foundation has continued to fund immediate district needs that impact all students, including smaller class sizes, world language programs, and additional AP classes. This year, our grant helped expand AP Research and Seminar classes for the 2018-2019 school year, the continuation of *Project Lead the Way* Engineering classes, the addition of an Engineering Design Course at the high school, and additional world language classes.

\$92,225

Buildings, Grounds & Spartan Plaza

The Foundation has previously made investments in technology, school libraries, and other learning spaces. This spring, we helped raise nearly \$100,000 to support Spartan Plaza, an outdoor community gathering place near the the new Indoor Activities Center. The Plaza represents the pride our community takes in student activities which help to create well rounded individuals.

We are grateful for your continued support! Because of the Orono community's generosity, we celebrate all we have accomplished together. But each year, our schools are faced with new funding challenges and priorities. We need you to help sustain our level of excellence and create a better future for our children.

Every single piece of a puzzle plays an integral part in the big picture! Imagine the impact if every Orono family contributed to the Foundation. Imagine what could be next if we dream big together!
